Flying Fisherman® Morocco Sunglasses Making Waves

Islamorada, Florida Keys – Eight new styles will make their debut this fall in the Flying Fisherman® Eyewear collection, and one...the ***Morocco***, is already making waves in pre-showings. The striking wrap style combines the latest design trends and performance, with extra tough, TR90 frames that wrap around for optimum coverage, and comfort-grip, vented nose pads for a non-slip fit. They're lightweight at only .9 ozs, in a medium to large fit for both men and gals looking for quality eye protection on or off the water. Virtually indestructible, polarized polycarbonate lenses with the Flying Fisherman® AcuTint™ lens coloring system eliminate glare, enhance color contrast, and sharpen visual acuity, without distorting natural colors.

Frame/lens colors are Crystal (clear)/Smoke, Crystal/Smoke-Blue Mirror, Crystal/Amber-Green Mirror, Matte Black/Smoke or Matte Black/Amber. MSRP is \$69.95 - \$79.95 depending on lens selection, and a drawstring microfiber case is included.

More information on Flying Fisherman® products, along with testimonials, retail outlets and more are available at www.flyingfisherman.com.
