Flying Fisherman® Adds Edge to Master Angler Sunglasses Series

Islamorada, Florida Keys – One of Flying Fisherman’s new sunglass styles for 2016 is the Edge, a light weight semi-rimless frame design that allows maximum comfort with stylish good looks that will have you covered on or off the water. Durable TR90 frames provide a solid foundation with the durability anglers demand for unbeatable fishability! The Edge features non-slip nose and temple pads, virtually indestructible RhinoLenses™ for complete eye protection from flying hooks, lures, sinkers and more, as well as the Flying Fisherman® AcuTint™ lens coloring system for crystal clear polarized optics. The Matte Black frame is available with amber or smoke AcuTint™ lenses. A microfiber case is included, and MSRP is \$79.95.

The Flying Fisherman® Polarized, AcuTint™ lens coloring system eliminates glare and enhances color contrast, without distorting natural colors. The enhanced visual sharpness and eye comfort adds to fishing productivity and maximizes the overall outdoors experience for anglers and water sports enthusiasts. More information on Flying Fisherman® products, along with testimonials, dealer locator and more, are available at www.flyingfisherman.com.
