Triton Sunglasses Are New For Flying Fisherman® Master Angler Series

Islamorada, Florida Keys – New for 2016, and available this fall, the *Triton's* large wrap frame design combines stylish design with hard core functionality. The large fit wrap frames feature durable TR90 frames for a solid foundation today's anglers demand, paired with shatterproof polarized RhinoLenses™ for complete eye protection from flying hooks, lures, sinkers and more. Flying Fisherman®'s AcuTint™ lens coloring system offer crystal clear polarized optics, making it easier to see beneath the surface of the water, to spot fish and other structure. Frame colors are Matte Black with amber or smoke AcuTint™ lens, Matte Black with Icy Blue Revo Mirror over smoke AcuTint™ lenses or Matte Black frames with a Vermillion AcuTint™ lens. A microfiber case is included, and MSRP is from \$69.95 to \$79.95.

The Flying Fisherman® Polarized, AcuTint™ lens coloring system eliminates glare and enhances color contrast, without distorting natural colors. The enhanced visual sharpness and eye comfort adds to fishing productivity and maximizes the overall outdoors experience for anglers and water sports enthusiasts. More information on Flying Fisherman® products, along with testimonials, dealer locator and more, are available at www.flyingfisherman.com.
