## Flying Fisherman® Adds Tailer and Pearl Sunglasses

*Islamorada, Florida Keys* – New for Flying Fisherman’s 2016 collection are two additions to the Action Angler series with Triacetate polarized lenses -- the Tailer and Pearl. The Tailer provides medium-fit polarized coverage in a stylish frame that looks as good as it performs. Available in Matte Brown with Acutint™ amber lenses or Matte Moss with Acutint™ smoke lenses.

For the ladies, the Pearl comes in a medium-fit frame, with oversized styling and colorful, co-injected rubber temples that not only look good, but ensure a stay put fit and all day comfort. Frame colors are Tortoise-Coral frames with amber lenses or Shiny Black-Pink with smoke lenses. MSRP for the Tailer and Pearl is \$24.95.

The Flying Fisherman® Polarized, AcuTint™ lens coloring system eliminates glare and enhances color contrast, adding to fishing productivity and maximizing the overall outdoors experience for anglers and water sports enthusiasts. More information on Flying Fisherman® products, along with testimonials, dealer locator and more, are available at [www.flyingfisherman.com](http://www.flyingfisherman.com).
