## **New Additions to Flying Fisherman's Action Angler Eyewear Series**

*Islamorada, Florida Keys* – For 2015-2016, a few new options are available for some existing styles from the Action Angler Series. The Spector, a sporty semi-rimless style, is now available in a Tortoise frame with Acutint™ smoke and amber lenses. The Fowey, a modern wayfarer frame introduced in for 2015, also has a new look with a crystal matte black frame with Acutint™ copper lenses. MSRP for the Spector and Fowey is \$24.95.

Also new for the Jr. Angler collection of kid's styles is the Remora, available in a backwater crystal-green frame, featuring the Acutint™ smoke lens. These offer the same glare and UV protection as our adult styles, but made for young faces. MSRP is \$14.95

The Flying Fisherman® Polarized, AcuTint™ lens coloring system eliminates glare and enhances color contrast, without distorting natural colors. The enhanced visual sharpness and eye comfort adds to fishing productivity and maximizes the overall outdoors experience for anglers and water sports enthusiasts. More information on Flying Fisherman® products, along with testimonials, dealer locator and more, are available at [www.flyingfisherman.com](http://www.flyingfisherman.com).
